

WUSHU TEAM EXPECTATION

First of all I would like to thank you all for your loving support. With your support, we are able to establish an official team to represent the USA International Wushu Kung Fu Academy. (UIWKFA)

As your coach, I would like to let everyone of you know that once you are selected as the member of the team, you are no longer just representing yourself but the UIWKFA. You are here to show the dignity, morality and perfectionism of our school. Do your best during the training period and improve your skill.

We could not emphasize enough about the importance of the discipline. When we are working as team it's critical to be on your best behavior. You must be respectful to the coach and other more senior to you. Please remember that you are the selected few to be in this special Team. You are not only representing yourself, but as a team and the school. Always at your best behavior in the public places and at home, have self control; do not be arrogant and boastful. Always be tolerant and helpful to your parent and the elder.

You are now the first generation of UIWKFA Wushu Team.

Do you best, you are now the role model of the school and your fellow students.
